

War Finance Corporation Aids Tobacco Growers

Financial support from the Federal Government in the marketing of the 1921 Kentucky crop of Burley tobacco is now definitely assured, according to recent dispatches from Kentucky, where the sign-up for Cooperative Markets is almost completed in forty-one counties.

Judge Robert W. Bingham of Louisville, Ky., representing the Marketing Association, of Kentucky Burley Growers as chairman of their committee to confer with the War Finance Corporation Board, recently issued the following statement:

"The War Finance Corporation held a conference this morning with a committee representing the marketing cooperative association now forming to merchandise the burley tobacco produced in the United States, and after going over the plan of organization, stated to the committee that the board had heretofore agreed to advance in excess of 50% of the value of certain crops, such as cotton, to cooperative marketing organizations formed on the California plan, this plan being the one adopted by the burley growers and that if the burley growers organize under this plan and apply to the board, they may expect the same consideration given to similar applications, due regard being had to general conditions financially and otherwise, and the proper organization and management of the burley growers' cooperative association."

James C. Stone, of Lexington, Ky., vice chairman of the burley growers committee and a member of the conference, with officials of the War Finance Corporation, said, "The War Finance Corporation has assured us that the Burley Growers' Cooperative Marketing Association will be given the same consideration that these other groups have received."

The attitude taken by the Corporation Officials today removes every possible doubt of the successful financing of the Burley Growers through this Association."

The success of the Kentucky growers and the farmers in the sun cured area in Virginia in gaining the assurance of financial aid indicated the opportunity which the organized tobacco growers of Virginia have in marketing their crop of 1922 through the Cooperative Marketing Association.

Mr. Leon Grigg has come home to visit his parents here and he talks so chirpy and in such an interesting way.

Mr. Ernest Grigg is at Richmond college where he is studying law.

Mr. Humphrey Siegel had an accident when another car collided with his on the Dillway road on Saturday. Mr. Siegel was severely hurt and was attended by Dr. G. L. Morris and at a late hour on Saturday evening he had not regained consciousness.

People are not tumbling over each other in the effort to sell Liberty or Victory Bonds as they are a good investment.

Corn is selling, or starting to sell, at \$3.50 a barrel, now mind you I have only heard two people mention this price and one was a merchant and he said he had bought a small quantity at this price.

At a store in Farmville where army goods are sold shoes and clothes of the very best quality are to be had at prices much lower than elsewhere.

Primings are very low on the Farmville market selling at from \$2 to \$3 per hundred.

Some of the normal school girls have very pretty clothes and some of them had dresses that "in longitude were sorely wanting."

THE "OLD RELIABLE"

THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jacksonville lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine. At all druggists.

LITTLE ONES BECOME BIG ONES

Many of our friends ask us why we put forth such efforts as we do to get small accounts. Many of which are started with deposits of only one dollar. It is true that such accounts do not begin to repay the cost of handling.

However, we are building for the future. These small accounts will grow. Many of them will in time become very profitable. The small depositor of today will be the large depositor of tomorrow. The boy who opens the dollar savings account will in a few years be the business man with a valuable commercial account.

We want the youngsters to get in the habit of banking with us now, so that they will stay with us during the years to come.
